

## Cleaner Spray S

**Cleaner and degreaser for all metals, glass, ceramics and many plastics**

WEICON Cleaner Spray S removes oily and greasy soiling from all metals as well as from ceramics, glass and most plastics. It can, however, attack the surface of thermoplastics such as PVC, Plexiglas, polystyrene and single layers of paint. WEICON Cleaner S evaporates quickly and, in contrast to conventional thinners, without leaving residues. It can be used for cleaning and degreasing before priming and painting, for cleaning machine parts, or before other WEICON products are applied to surfaces where a greasy undergrowth would impair their effect.

### Technische Daten

|                     |                             |
|---------------------|-----------------------------|
| Odour               | Orange                      |
| Colour              | transparent                 |
| Specific properties | evaporates without residues |
| Silicone-free       | yes                         |
| AOX-free            | yes                         |
| ISSA Code           | 53.402.01                   |
| Shelf life          | 24 mon.                     |

### Processing

Spray in sufficient quantity onto the part to be treated and allow to react. If necessary, wipe off with a clean cloth. Repeat process as required. Avoid contact with plastic and varnished surfaces.

### Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.

### Safety and health

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets ([www.weicon.com](http://www.weicon.com)) must be observed.

### Available sizes:

11202500 Cleaner Spray S, 500 ml, transparent
